Finch - Rosemount - One opening's for a female resident

Finch serves women living with various mental health diagnoses and is a licensed mental health home with staff trained specifically in managing behaviors resulting from mental health symptoms. A mental health specialist from Opal visits the home weekly to meet with the women if they are interested in sharing personal concerns, successes, or simply just to catch up. The two women at Finch currently range in age from 20's to early 40's. Finch encourages and supports each woman to become active in the community while exploring resources available to them, so they may increase their independence to someday move into a more independent setting. Many service recipients have chosen to work, attend a supported employment program or day treatment program while living at Finch. Finch staff assist with finding and navigating transportation services like the transit line or scheduling taxi rides, learning home maintenance tasks such as cooking, cleaning, laundry and other various skills like financial budgeting, medication management, medical appointment organization, and grocery shopping.

Finch is in Rosemount, though it borders very closely with Apple Valley and Lakeville. Finch is minutes away from the Apple Valley transit station and a short distance from the Apple Valley shopping/dining area. The home is a split-level with two bedrooms upstairs and two downstairs.

Finch is staffed 24/7 with some evenings and weekends having double staff. Finch is asleep overnight staff.

Slater - Eagan - one opening for a female resident

Slater has a Mental Health Certification and serves adult women living with mental health diagnoses, as well as other disabilities. The current age range is 38-56, but new service recipients could be outside of that age range. Many women have successfully used Slater to stabilize their mental health and develop independent living skills so they could move to more independent settings. A goal for the women living at Slater is to become an integrated part of their community, which includes competitive employment, day programs, day treatment, volunteering and an active social life which often includes friends and family.

This house is a split-level home with two bedrooms up and two bedrooms down. There is one bathroom on each level. The house has a deck off the kitchen, where the service recipients often sit when the weather is nice. Slater is centrally located in Eagan. The home is located minutes away from various stores, banks and restaurants. There is a city bus stop within walking distance from the home. Metro Mobility is also used for transportation by the service recipients at Slater. The house is staffed 24/7 and is double-staffed evening hours and some weekend hours. The overnight staff has sleep hours from 11pm-6am.
